JAMIE R. McKOY, L.P.N.	:	ORDER OF
LICENSE #26NP 05719400	:	REINSTATEMENT OF LICENSE
	:	
TO PRACTICE NURSING IN THE	:	
STATE OF NEW JERSEY	:	

This matter was opened to the New Jersey State Board of Nursing (" Board") upon receipt of respondent's request for reinstatement of her New Jersey nursing license, which had been suspended by means of a Final Order of Discipline entered on April 21, 2014. The basis for the suspension was respondent's

failure to provide documentation of completion of required continuing education to be attributed to the June 1, 2009-May 31, 2011 licensing cycle. The 2014 order provided that respondent would be required to provide documentation of 30 contact hours of nursing continuing education to be attributed to the 2009-2011 licensing cycle, and would also be required to demonstrate her fitness and competency to practice nursing prior to reinstatement.

Respondent has provided documentation of thirty (30) contact hours of nursing continuing education to be attributed to the 2009-2011 licensing period, as well as thirty (30) hours to be attributed to the 2011-2013 licensing cycle. Moreover, respondent has provided payment of a \$250 civil penalty imposed by the April 21, 2014 Final Order of Discipline for failure to timely complete continuing education requirements. In addition, respondent has submitted to evaluation and monitoring under the auspices of the Recovery and Monitoring Program of New Jersey (RAMP), where an evaluator found that despite the fact that respondent had been arrested on June 18, 2012 on drug-related charges, respondent had no mental health, alcohol or substance abuse disorders. Respondent was admitted into the Pretrial Intervention Program.

The Board finds that the conduct that led to respondent's arrest, that is, respondent wrote an unauthorized prescription for pain medication for a friend on the prescription blank of her physician-employer, relates adversely to the practice of nursing within the intendment of N.J.S.A. 45:1-21(f).

Respondent having complied with the terms of reinstatement specified in the April 21, 2014 Final Order of Discipline, and the Board finding in light of RAMP's support for reinstatement of respondent's nursing license, and for other good cause shown;

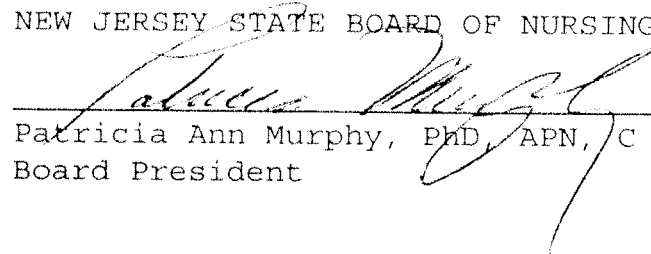

IT IS on this 8<sup>th</sup> day of December, 2014

HEREBY ORDERED that:

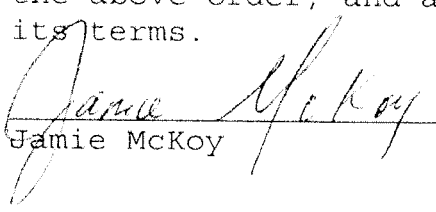

1. A reprimand is hereby imposed for respondent's violation of N.J.S.A. 45:1-21(f).
2. Respondent's petition for reinstatement of her license to practice nursing in New Jersey is hereby granted, upon review and approval of a completed application for reinstatement along with the requisite fees, information, and required continuing education, and the Criminal History Background Check, if not already provided.
